

From M1 Junction 9 (travelling North):

From junction 9, turn left onto the A5 towards Dunstable.

Proceed along the A5 for approximately five miles and take the right hand turn to Caddington. This turning is first right after The Horse and Jockey Public House.

Follow the road until the first sharp left hand bend. On the bend, there is a narrow lane leading off to the right (Millfield Lane). If you pass the Wyvale/Farr's Garden Centre on the right hand side, you have gone approximately 200 yards past the bend, at which point you should have turned.

Proceed down Millfield Lane for half a mile and Cotswold Park is on the left hand side.

Vanguard House is the first building on the right as you drive into the park.

From M1 Junction 11 (travelling South):

From junction 11, turn right onto A505 towards Dunstable and proceed straight on through one set of traffic lights to the following roundabout.

Turn left. After approximately 200 yards you will come to a smaller roundabout where you should follow the sign to Luton.

After a further 400 yards, there is a turning to the right with a central slip road, signposted towards Caddington. Follow this road, which is rather steep and winding, until you reach the end which is in Caddington village.

Turn right and proceed for about one mile. On the left you will pass Wyvale/Farr's Garden Centre. Within 200 yards there is a narrow lane leading off to the left; this is Millfield Lane.

Continue along this lane for half a mile and Cotswold Park is on the left hand side.

Vanguard House is the first building on the right as you drive into the park.
